

Pain

Wears Out the Nerves.
Do you realize that pain is weakening, and exhausts your vitality? Don't you remember how completely worn out you felt after that last attack of headache, neuralgia, backache, periodical or other spell of suffering? Nearly every case of inflammation, apoplexy, paralysis, epilepsy and insanity is directly due to the weakening influence of pain upon the brain nerves? For this reason every one who suffers from pain of any kind should not fail to get relief as quickly as possible.

You can do this by taking Dr. Miles' Anti-Pain Pills—others do.
"I have used Dr. Miles' Anti-Pain Pills for years, and can say they have never failed. I always keep them in the house, in fact I had rather be without sugar than the Pills. Previous to using them I had always suffered with sick headache, sometimes being in bed for three and four days. I had tried nearly everything I ever heard of, some would seem to help at first, but after a short time the effect would wear off. It is five years now since I began taking Dr. Miles' Anti-Pain Pills, and the results are as good as at first."

MRS. W. H. MARSHALL,
Sopris, Colo.
Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

BOMBS FOR THE CZAR

INFERNAL MACHINES FOUND IN
THE GARDEN OF THE PALACE
AT PETERHOF.

IRONCLADS JOIN MUTINEERS

REBELLIOUS GARRISON AT BATH
TUM AUGMENTED BY TWO
FIGHTING SHIPS.

St. Petersburg, July 11.—There was wild consternation at the imperial palace at Peterhof following the discovery in the garden of the palace of several bombs filled with dynamite. The excitement and dread were indescribable. It was obvious that the bombs must have been placed there by some one connected with the palace, either as officer, guard or servant, and every one equally was under suspicion.

The person of the czar is being more rigidly guarded than ever.

Sebastopol, July 11.—It is reported that the ironclads Panteleimon and Three Saints have joined the garrison of the Baturin fortress, which has been in mutiny; that the Three Saints hoisted the red flag, and that the mutineers are forcibly detaining two ironclads that had refused to join them.

MILUKOFF FOR PREMIER.

Will Be the Choice of the Constitutional Democrats of Russia.

St. Petersburg, July 11.—From conversations which the Associated Press has had with several leading members of parliament, Professor Paul M. Milukoff appears to be the man on whom the Constitutional Democrats are uniting for premier in the event of a successful issue of the negotiations for the formation of a Constitutional Democratic ministry. Professor Mourmoutseff, president of the lower house of parliament, and Ivan Petrunkevitch, the legal authority among the members of the house, are mentioned, but they are regarded with less favor, the latter on account of Emperor Nicholas' personal feeling against the too plain spoken Tver zemstvoist and Professor Mourmoutseff because it is felt that he is needed in his present place. The choice of Professor Milukoff is also inspired by the desire to place a man who was excluded from parliament on a technicality triumphantly at the head of the government.

M. Naboukoff, the leader of the Constitutional Democrats in parliament, was most outspoken in favor of Professor Milukoff, declaring that he was the most sensible and clearest headed statesman the party could produce and in every way fitted to assume the responsibilities of the premiership. M. Naboukoff intimated that the Constitutional Democrats would lay no claim to the portfolios of war, navy and foreign affairs, which he regarded as within the imperial prerogative, but like every Constitutional Democrat with whom the Associated Press talked, he insisted that no cabinet with a bureaucratic head was admissible.

DEATH PENALTY MEASURE.

Taken Up by Upper House of Russian Parliament.

St. Petersburg, July 11.—The bill of the lower house of parliament providing for the abolition of the death penalty was taken up Tuesday in the upper house. All the ministers were in attendance and the galleries were crowded, many members of the lower house watching the fate of their first measure. Up to recess time no voice had been raised in favor of capital punishment, all the speakers urging its elimination as a relic of barbarism, as having an inappreciable effect in restraining crime, and as opposed to the whole theory of the Russian code, with its otherwise mild punishments. Even Former Senator Tagantoff, who was a member of the old council of ministers, held this view and urged the passage of the lower house bill, with the sole qualification that it is inapplicable to the army and navy, for which, according to the fundamental law, parliament has no right to legislate.

Former Minister of Commerce Timirazeff favored the compromise, to which, according to figures furnished the press, sixty members of the Center party have been converted, while fifteen are opposed to any action on the measure.

After the general debate the bill probably will be referred to a committee.

Czar and Kaiser to Meet.

London, July 9.—The correspondent in St. Petersburg on the Tribune telegraphs that a meeting between Emperor William and Emperor Nicholas is expected next month.

ROJESTVENSKY ACQUITTED.

Held to Be Not in His Full Senses When He Surrendered to Japs.

Cronstadt, Russia, July 11.—Admiral Rojestsvensky, whose trial on the charge of surrendering to the enemy after the battle of the Sea of Japan began before a courtmartial here July 4, has been acquitted after the court had deliberated for nearly ten hours. Four officers of the torpedo boat destroyer Bedovi, who were placed on trial with the admiral, were found guilty of having premeditatedly surrendered the Bedovi and all four were condemned to death by shooting. But on account of extenuating circumstances the emperor will be requested to commute the sentences of the four officers to dismissal from the service and to be deprived of certain rights which they would otherwise enjoy.

The full report of the courtmartial shows that Admiral Rojestsvensky was acquitted on the ground that he was not in his full senses and therefore was not accountable for what transpired at the time of the surrender.

Debate on Bialystok Massacre.

St. Petersburg, July 11.—Debate on the Bialystok massacre was resumed Tuesday in the lower house. A resolution was passed directing that no more names be added to the list of those desiring to speak on the subject. There are still thirty-four on the list.

Obtain Material for Bombs.

Kostroma, July 11.—A band of revolutionists boarded and seized a Volga steamer and captured 450 pounds of pyroxyline, presumably intending to use it for loading bombs.

MURDER AT MINNEAPOLIS.

Woman Assaulted and Her Body Badly Burned.

Minneapolis, July 11.—Employees of the National hotel found the body of a woman believed to be a Miss Ellison of Ellsworth, Wis., in her room nearly burned to a crisp. When found, though yet alive, she tried to tell the story of her being assaulted, but was in such an exhausted condition that she was hurriedly sent to the hospital, but died as the ambulance reached the institution. It is believed she was attacked in her room. Her skull had been fractured by a blow from a hammer. The police suspect a man by the name of Wilson from Milwaukee as being implicated in the murder. A search is now being made for him.

The first clue to the identity of the woman was disclosed by the woman herself just before her death. In the course of her delirious raving she mentioned the name of Mrs. Ellison of Ellsworth, Wis. Later in the evening Chief Doyle got into communication with the town marshal at that place and after a few minutes' conversation was convinced that the dead woman is named Ellison, that she was a single woman and that her home was at Ellsworth.

SEIZE THE GOVERNMENT.

Rebels Occupy Capital of Matto Grosso and Kill the President.

Rio Janeiro, July 11.—The revolutionists in Matto Grosso have occupied the capital, Cuyaba, murdered the president of the state and seized the government.

The state of Matto Grosso borders on Bolivia, has an area of 532,200 square miles and a population, in 1890, of 92,827.

There have been reports for several months of a revolution there. Telegrams from Asuncion May 24 reported that the Matto Grosso revolutionists headed by Dr. Geneserico Ponce had captured Corumba, Santa Ana de Parahibo and Pacome and were then approaching Cuyaba, the capital. Dispatches dated June 6 stated that the revolution was gaining strength. On June 10 it was reported that a revolutionary force of 3,000 was in the field and subsequently it was reported that Cuyaba was invested by rebels after the federal troops had been defeated.

ALMOST AT BREAKING POINT.

Relations of Guatemala With Neighboring Countries Strained.

Mexico City, Mex., July 11.—Salvadoran advices report the growing strength of the revolutionists in Guatemala. It is reported in Salvador that the relations of Guatemala with neighboring countries are now strained almost to the breaking point. The revolutionists are determined to renew their campaign.

Accountant Wins Big Purse.

New York, July 11.—James B. Brady's Accountant, ridden by Martin, won the Lawrence Realization stakes, worth \$17,000, at Sheephead Bay with Fred Johnson's Entree second and the New Castle stable's Bulls Eye third.

Two Killed by a Train.

Cumberland, Md., July 11.—Carl Neff, aged twenty-five years, of Piedmont, W. Va., and his sweetheart, Miss Daisy Reed, aged twenty-two, of West Virginia Junction, were struck by a fast train at Bloomington, Md., at night and instantly killed.

SAYS HE IS NOT INSANE

HARRY K. THAW ISSUES A STATEMENT DECLARING HE IS MENTALLY SOUND.

WOULD NOT LOOK SO ROSY

ONE WITNESS SAYS THE DEATH OF BEDFORD WAS A GOOD THING FOR THAW.

New York, July 11.—Harry Kendall Thaw in the Tombs prison Tuesday night gave out his first formal statement since he shot and killed Stanford White on the Madison Square roof garden. In it the young man utters a protest against being regarded insane and declares his counsel assure him that no such course as the appointment of a commission to inquire into his mental condition is contemplated. The statement was handed by Thaw in person to newspaper representatives. He gave it out with the permission of his counsel, with whom he pleaded all day to be allowed to deny in person the current reports as to his insanity. The statement follows:

"I am informed by Mr. Olcott and Mr. Gruber that the interview with the latter in one of last evening's papers quoting him (Gruber) to the effect that I am now insane and that a lunatic commission would be appointed to demonstrate that fact, has no foundation whatever; that Mr. Gruber never made such a statement and that no such course is contemplated. "Mr. Olcott further tells me that he did not go to Philadelphia for the purpose of seeing or inquiring about Harriet Thaw or her alleged insanity; and that his visit had nothing whatever to do with the question of my mental condition or that of any member of my family."

The statement was signed with the initials "H. K. T."

Embodies All He Has to Say.

When asked if he had anything further to remark, Thaw said: "That statement embodies all that I have to say."

Judge Olcott, leading counsel for Thaw, when asked about the prisoner's statement, said:

"Harry has been pestering me all day to make a statement to the newspapers. Finally at his request I outlined in a general way what Harry wished to say and left it with him to be typewritten. It was his desire that he should hand it in personally to the newspaper men and I gave him that permission."

Despite the rapid fire questions hurled at him by the reporters Thaw remained smilingly non-committal during the four or five minutes he was with the press representatives.

Assistant District Attorney Garvan continued vigorously to prosecute his inquiries and had before him several prospective witnesses. Among them were James L. Lederer of Philadelphia, who was manager of the "Wild Rose" theatrical company at the time Evelyn Nesbit was a member of the organization; May Mackenzie, an actress and friend of Mrs. Thaw, and

Mary Leahy, Mrs. Thaw's maid.

Mr. Lederer said that it is his belief that Thaw is crazy. He based his opinion on the man's actions during the time Miss Nesbit was a member of the "Wild Rose" company.

The district attorney's office issued a subpoena for Mrs. Beatrice Schwartz to appear in John Doe proceedings before the grand jury. It is said the district attorney wishes to question Mrs. Schwartz as to alleged threats she overheard Thaw make against White.

IF BEDFORD HAD LIVED.

Witness Says It Would Not Look So Romy for Thaw.

Pittsburg, July 11.—It has been learned here that a witness that will appear in the Thaw case will be Paul Dorn of Wilkesbarre, a suburb of this city. Harry Thaw took Dorn to Europe several years ago.

Dorn said that he has been instructed to keep close counsel until he hears from Thaw's attorneys. When asked when he expected to go to New York Dorn said:

"I don't know. But I am ready to go wherever Mrs. Thaw is willing to give me an interview and I won't talk either in the court or out of it until I have seen her."

"Did you ever meet Bedford, the valet whom Harry Thaw engaged at Southampton?"

"Yes, I did, and it is too bad that Bedford died."

Dorn was asked what he meant by that and replied:

"Well, he was a good fellow and if he had lived and had to tell all the things he knew it would not look so rosy for Harry Thaw."

MITCHELL FOUND NOT GUILTY.

Acquitted of Charge of Murdering Franz Edmund Creffield.

Seattle, Wash., July 11.—George Mitchell, who shot and killed Franz Edmund Creffield, leader of the sect known as "Holy Rollers" in this city, alleging that Creffield had deluded and wronged his two sisters, was found not guilty by a jury here. The defense was insanity.

ROBBERS MAKE A RICH HAUL.

Kill Two Soldiers and Rob a Railroad Cashier of \$50,000.

Warsaw, July 11.—Ten armed men attacked the cashier of the Vistula railway, who was proceeding to the state bank to deposit the day's receipts. He was accompanied by an attendant and two soldiers. The assailants stopped the carriage, shot the soldiers dead and got off with \$50,000. The cashier escaped, saving \$400,000.

Two armed men entered a train between Yaroslav and Moscow, killed the attendant, robbed a carriage manufactory cashier of \$5,500, and disappeared unmolested into the forest.

Search for Stage Robber.

Fresno, Cal., July 11.—The sheriffs of Madeira and Mariposa counties are continuing the search for the Yosemite stage robber. A dragnet method is being used, as the officers are convinced that the highwayman lives nearby and that he has secreted his spoils.

Sheriff and Prisoner Killed.

Jacksonville, Fla., July 11.—Sheriff Charles Wilson of Clay county was shot and instantly killed on a train near Green Cove Springs by a negro prisoner in his custody. Sheriff Wilson's deputy immediately shot and killed the negro.

THE MUTUAL LIFE'S AFFAIRS.

President Peabody Declares They Have Been Improved.

New York, July 11.—Not one of the executive officers of the Mutual Life Insurance company responsible for the conditions which prevailed in that organization prior to 1905 remains in the service of the company; all practices and methods of doubtful propriety have been prohibited; the responsibility of officers has been definitely fixed; measures to insure efficiency in service and economy in administration have been adopted and many other reforms have been effected, according to an open letter to the policyholders given out by President Charles A. Peabody.

Mr. Peabody's letter also declares that other reforms are in progress and in contemplation and that he believes that the results will be entirely satisfactory. He calls attention to a reduction in the salaries of officers and employees and in the expenses of the home office building, effecting a saving of \$15,000 per year. The economies effected in cost of agency management, etc., he says, aggregate \$570,000 per year, making a total saving of over \$3,000 for each working day. The letter says that since Jan. 1 the company's funds deposited in banks and loans on collateral have been reduced over \$17,500,000 by investment and that the total gain in net income from all investments during the past six months has been \$1,100,000.

LOAN FOR SANTO DOMINGO.

Negotiations Are Now Under Way to Float One.

New York, July 11.—Negotiations for a loan to Santo Domingo are under way and may be carried to a successful conclusion if a satisfactory adjustment of that country's involved finances is arrived at.

Santo Domingo's secured debt is estimated at \$23,000,000, while its unsecured obligations are in excess of \$35,000,000. To effect a loan, however, the secured debt will have to be very materially reduced, while its unsecured debt will probably have to be wiped out entirely.

The proposed loan has been the subject of discussion at Washington recently.

The state department is not officially interested in the negotiations, but the authorities desire to safeguard the American interests to which the Dominican government is already indebted.

Local bankers deprecate the idea of a Dominican loan unless accompanied by assurances that the United States will continue indefinitely its present guardianship of that country's financial affairs.

NORTH CAROLINA REPUBLICANS.

Adopt a Platform Endorsing Administration of President Roosevelt.

Greensboro, N. C., July 11.—The Republicans of North Carolina opened their convention here with some 1,500 delegates and alternates in attendance, the largest gathering in the state since 1876.

The session was taken up with routine business. Interest centered on the selection of a state chairman, ex-Judge Spencer B. Adams being chosen.

Judge Robert M. Douglas, a son of Stephen A. Douglas, was nominated for state corporation commissioner and a platform endorsing the administration of President Roosevelt was adopted.

IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—A Brainerd Citizen Shows how to Cure them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure the trouble or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney pills. It cures all ills which are caused by weak or diseased kidneys. Brainerd people testify to permanent cures.

Alfred Towers, painter at the N. P. shops, and living at 419 Second Ave., N. E., Brainerd, Minn., says: "The doctoring, drugs, medicines and other treatments which Mrs. Towers had tried in the effort to cure a bad case of kidney complaint proved of so little benefit that the discouragement almost made her an invalid. A long time ago she had used Doan's Kidney Pills in a haphazard way, and she decided to take them carefully according to directions. A supply of the remedy was procured at H. P. Dunn & Co.'s drug store and the improvement in her condition was nothing less than wonderful. They certainly proved a life saver, and I feel sure there will be no return of the trouble."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

CALE'S

DEPARTMENT STORE

Alterations in the Busy Store.

On account of the rapidly increasing demand for larger stocks of Dry Goods, Ladies' Ready-to-wear Garments, Groceries, Men and Boys' Clothing, Boots and Shoes, we are obliged to make some alterations in our already spacious Department Store, to make room for the immense New York purchases for the fall trade. We realize that the city of Brainerd demands and will be proud of an UP-TO-DATE Department Store such as other cities boast of.

We ask our customers to bear with us, just a little, while we are making these alterations, because, in the end we will serve them so much better. While these alterations are being made we will have an extra lady clerk to help wait upon the people. Great slaughter of prices will be made on all summer goods. They must be sold to make room.

How Far They Walk

It might be of interest for the public in general to know how far a letter carrier travels during the day and year. The following figures may be some what criticised but are figures on the lowest rate. Out of 365 days in the year a carrier has off 52 Sundays and 15 days leave of absence, leaving 298 full working days but every other Sunday he does a half days work at the carrier's window and every fourth Sunday he makes a street collection (carriers in Brainerd take turns in collecting on Sundays.) The Sunday work will figure up to eight days, or 506 full days in the year (298 plus 8). You might ask the question, "How far does he walk a day?" Well, from experience in the local postoffice he walks 18 miles which is explained as follows: He works eight hours per day, four in the forenoon and four in the afternoon. We will make allowance each half day for routing the mail, leaving 6 hours for out side work. If a man can't walk 3 miles per hour he had better quit his job and at that rate we have 18 miles per day which is a very low rate, for as a usual thing only about one hour and a half is consumed in the postoffice for routing each day. With 306 days per year at 18 miles per day we get the total of 5,508 miles per year, a distance from Brainerd to the Pacific coast and back to the Atlantic. The carriers of Brainerd have carried mail for four years and eighth months and at the rate above they have walked 25,371 miles each or more than the distance around the world.

Advertisement for Federal Building Site.

Treasury Department, Office of the Secretary, Washington, D. C., July 7, 1906.

Proposals will be received, to be opened at 2 o'clock p. m., August 7, 1906, for the sale to the United States of a suitable site, centrally and conveniently located, for the Federal building to be erected in Brainerd, Minn. A corner lot approximating 120 by 120 feet, is required. Each proposal is to be accompanied by a diagram of the land, showing the widths of adjacent streets and alleys, the grades, and the character of foundations obtainable, etc. Any improvements on the land must be removed by the vendor within thirty days after written notice, and the vendor shall pay all expenses connected with furnishing evidence of title and deeds of conveyance. The right to reject any proposal is reserved. Each proposal must be sealed, marked "Proposal for Federal building site at Brainerd, Minn.," and mailed to the Secretary of the Treasury (supervising architect), Washington, D. C.

PUBLIC BUILDING

Statement of Methods Employed by the Treasury Department in Securing Sites for Federal Buildings

Considerable interest is being taken at this time in the manner of procedure of the government in securing sites for public buildings in cities where appropriations have been made for the same and the following circular letter issued will be read with interest:

Whenever an act of congress authorizes the acquisition of a site for a proposed public building—whether by purchase or gift, the treasury department invites, through an advertisement inserted in a local newspaper, bids for the sale, or propositions of donation, and directs that the same be submitted to the secretary of the treasury at Washington. This advertisement gives such information as to the approximate dimensions of the site required and the general conditions and requirements as will enable intelligent preparation and submission of bids or offers. The bids and offers obtained in this way are opened at the treasury department in Washington at the time stated in the advertisement, and as soon thereafter as practicable an agent of the department is sent to make a personal examination of the properties offered, and upon this report, together with representations in writing from other sources, the department makes selection, conditioned, nevertheless, that the title to the property be approved by the attorney-general. When the land is thus acquired on which buildings are situated which are reserved by the party selling, notice to remove the same is given after the land has been actually acquired and title approved. Whenever the department is unable to obtain an acceptable site at a reasonable price in the manner above outlined, it frequently makes selections and authorizes the department of justice to begin and prosecute condemnation proceedings in which the price to be paid is judicially determined. As soon as practicable after the acquisition of the site, plans for the proposed building are prepared and a contract let for the construction thereof.

G. B. Burhans testifies after four years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am entirely cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." CAR BROKE DOWN

One of Ringling Bros. Trains Delayed Here by Accident to Elephant Car.

The four large trains carrying Ringling Brothers' circus passed through Brainerd this forenoon. The first train carrying the canvas and tent fixtures passed through about 4:30. Two other sections passed about seven. The last section, carrying the performers, ring stock and elephants, arrived somewhat later and was delayed a long time because of the breaking of the trucks under one of the elephant cars. The accident occurred about 17 miles east of here and the train was compelled to come to town with the car riding the wheels. When they arrived here the car was set out in the shop yards and repaired, while the rest of the train was brought up town to fill the tanks in the dining cars. This train carried about three hundred people. They employed the wait in various ways, some strolling around the vicinity. Two enthusiastic photographers were busily engaged in printing photos using the car windows and platforms as printing rooms.

There are a couple of dining cars with this train. The performers get their breakfast and a four to six o'clock dinner in the car while they are given their noon meal at the dining tent on the grounds. A lunch car is carried on one of the forward trains for the accommodation of the people. They have to pay for what they get at the car, but are served three meals by the company.

THE DAILY DISPATCH brought to your door for only 40 cents per month

CERTIFICATE OF INCORPORATION

For the purpose of organizing a corporation under the General Laws of the State of Minnesota, the undersigned certify that they have agreed upon and adopted the following Articles of Incorporation:

ARTICLE I.

The name of the corporation shall be BRAINERD HYDRO-ELECTRIC POWER COMPANY. The general nature of the business shall be to establish hydro-electric power stations, in Minnesota and elsewhere, including construction and maintenance of dams, levees, reservoirs, canals and locks, and to erect and maintain necessary poles, lines, conduits, sub-ways and other apparatus for the transmission and distribution of electric current and electric power, and to operate the same and all convenient machinery and other facilities in connection therewith, for the purpose of supplying, furnishing, leasing, distributing and selling electric current and electric power to the public, at proper prices and compensation.

The principal place of transacting the business of the corporation shall be the city of Brainerd, in the county of Crow Wing and state of Minnesota.

ARTICLE II.

The time of the commencement of the corporation shall be the 14th day of July, A. D., 1906, and the period of its duration shall be thirty (30) years.

ARTICLE III.

The names and place of residence of the incorporators are: Judd Wright, William D. McKay and Horace M. Woolman, all of Brainerd, Minnesota.

ARTICLE IV.

The management of the corporation shall be vested in a Board of three (3) Directors, who shall be elected at the annual meeting of the stockholders of the corporation, which shall be held on the second Tuesday in January of each year.

The names and addresses of those composing the Board of Directors until the first election, are Judd Wright, William D. McKay and Horace M. Woolman, all of Brainerd, Minnesota.

ARTICLE V.

The amount of capital stock of the corporation shall be Two Hundred Thousand Dollars (\$200,000.00), which shall be paid in, in money or in property, at such times and on such conditions as shall be determined and signified by the Board of Directors. The capital stock shall be divided into two thousand (2,000) shares of the par value of one hundred dollars (\$100.00) each.

ARTICLE VI.

The highest amount of indebtedness or liability to which the corporation shall at any time be subject, is the sum of two hundred fifty thousand dollars (\$250,000.00).

ARTICLE VII.

Without in any particular limiting any of the objects and powers of the corporation, it is hereby expressly declared and provided that the corporation shall have power to issue bonds or obligations, in payment for property purchased or acquired by it, or for any other object in and about its business; to mortgage or pledge any stocks, bonds or other obligations, or any property which may be acquired by it, to secure any bonds or other obligations by it issued or incurred; to guarantee any dividend or its bonds or contracts of any kind or description; and in carrying on its business, or for the purpose of furthering any of its objects, to do any and all other acts and things, and to exercise any and all other powers, which such a corporation may exercise under existing laws or under laws that may hereafter be enacted.

ARTICLE VIII.

Subject always to the by-laws made by the stockholders, the Board of Directors may make by-laws, and from time to time, may alter, amend or repeal any or all by-laws by the Board of Directors so made, altered or amended; but any or all by-laws made by the Board of Directors may be altered or repealed by the stockholders at any annual meeting, or at any special meeting, provided notice of such proposed alteration or repeal be included in the notice of meeting.

ARTICLE IX.

The officers of the corporation shall be those of President, Vice President, Secretary, Treasurer and such other offices as may or shall, from time to time, be created by the Board of Directors. Any two of such officers, excepting those of President and Vice President may be held by the same person. Any vacancy occurring in the Board of Directors, or vacancy occurring in any of the offices, shall be filled by the Board of Directors, and the persons so chosen by said Board to fill such vacancies shall hold office until their successors be elected and qualified.

In Testimony Whereof said incorporators do hereunto, subscribe their names this 6th day of July, A. D. 1906.

.... Calls attention to the fact that the prices quoted in their daily advertisements are not for that day only, but are effective until all the goods advertised are sold!

Continuous selling has produced the inevitable result: remnants, lots of 'em; we have divided ours into seven lots. First lot 3c to 10c; second lot 11c to 20c; third lot 21c to 30c; fourth lot 31c to 50c; fifth lot 51c to 70c; sixth lot 71c to 90c; seventh lot 91c to \$2.63. The money that we lose on these remnants would make a very comfortable addition to anyone's purse, but it's a case of our loss and your gain, come on and get 'em, while we are still here. You should come in and buy a year's supply of the many useful and indispensable articles that we are selling for less than the cost of manufacture.

TEN THOUSAND MINERS IDLE.

Strike After Working Less Than Two Weeks.

Athens, O., July 11.—Ten thousand miners in the Hocking district have struck again after working less than two weeks under the agreement at Columbus in June.

The cause of the strike is that when the miners received their pay checks they found they were short 25-100 of one cent per ton in the price which they were to receive under the Columbus agreement for cutters, loaders and day workers.

The matter was referred to the sub-district miners' officers, who will take the matter up with the operators. Mines in Hocking and Sunday Creek valleys will be idle until a settlement is made.

Suspect Commits Suicide.

Towner, N. D., July 11.—Abner C. Martin, a Mitchell Indian, committed suicide by strychnine poisoning in the county jail here. Martin was arrested by Sheriff Javner Sunday for the murder of Conrad Pfister near Anaconda, McHenry county, on the night of July 4.

Valuable Property Destroyed.

Sydney, C. B., July 11.—A dispatch from St. Johns, N. F., says that a large lumber mill, two stores, ten dwellings and 300,000 feet of lumber had been burned at Mint Brook, N. F. All the property was owned by the Timber estates company. Loss, \$100,000.

Americans Win Cricket Match.

Philadelphia, July 11.—The cricket match between the United States and Canada, which began Monday on the grounds of the Germantown cricket club, ended in a victory for the Americans by a large margin. The final score was: United States, 405; Canada, 152.

Wisconsin Couple Drowned.

Waupaca, Wis., July 11.—Rev. Myron Brigham of Chilton and Miss Alice Rasmussen of Neenah were drowned in Beasley lake by the overturning of a skiff. Both bodies were recovered.

ELUDES THE OFFICER

TREASURER OF STANDARD OIL COMPANY OF OHIO EVADES SUBPOENA SERVER.

UNDER-BILLING IS ALLEGED

BRANCH OF THE NEW YORK CENTRAL RAILROAD FAVORED THE OIL OCTOPUS.

Cleveland, July 11.—The testimony produced before the United States grand jury, which is investigating alleged violations of interstate commerce and anti-rebate laws with particular reference to the Standard Oil company, was of such a nature that District Attorney Sullivan caused several additional subpoenas to be issued late in the day for well-known Standard Oil officials. One was issued for M. S. Vilas, treasurer and auditor of the Standard Oil company of Ohio. A deputy marshal was dispatched post-haste to the office of Mr. Vilas, but he was not found, the officer reporting that he believed that an attempt was being made to keep him under cover.

A subpoena was then issued for C. H. Richards, cashier in the Cleveland office, and he was brought into the grand juryroom, but was excused in a few minutes. It was said that it was expected to learn from Richards the whereabouts of Vilas. A second visit to the Standard Oil office failed to find Mr. Vilas and the deputy marshal was then dispatched to his suburban home with instructions to stay there all night if necessary. Subpoena for Company's President. Another subpoena will be issued for F. B. Squire, vice president of the Standard Oil company of Ohio. The government officials are awaiting reports as to the successful service of a number of other subpoenas on railway officials and others who, it is believed, will be able to give information along the lead opened up by the proceedings.

Among other things said to have been brought out by the testimony is a sensational charge of under-billing and it is alleged that the jury was informed that a branch of the New York Central lines has caused hundreds of cars of the Standard Oil company to contain only about half of the amount with which they were really loaded. This under-billing, it is charged, was done largely out of Findlay, O.

A large portion of the day's testimony related to alleged trade discriminations on oil shipments, where both the Standard Oil company and the independent companies used their own private car equipment. According to the reports from the juryroom the government has so far been unable to substantiate the charge that the Standard Oil company has been receiving storage charge rebates on oil shipped from Cleveland to Chicago.

ICE TRUST INVESTIGATION. Reveals Fact That One Company Dictates the Price. Kansas City, Mo., July 11.—In the investigation of the ice manufacturing concerns of this city, which the county prosecutor is trying to show is a trust in restraint of trade, Harry L. Burke, secretary of the People's Ice Storage and Fuel company, practically admitted that his company dictates the price of ice here. Mr. Burke denied that he had authority to make prices for any other company. He simply fixed the price for his own company and while he did not know, he said, that all the other companies promptly made the same price, he had not heard of anybody who had failed to follow his lead. He told how his company sometimes bought ice for \$2 a ton and sold it for \$5 without ever seeing the product. Witness said he was unable to tell the cost of production and declared that the supply and demand fixes the price of ice.

FIGHT IN THE MOONLIGHT. Two Negroes Killed and Six Others Seriously Wounded. Davis, I. T., July 11.—A fight by moonlight which lasted over an hour and in which perhaps 1,000 shots were fired, occurred near here, resulting in the death of two men and the serious wounding of six others. The participants were negroes. Desultory firing was kept up during the night but the fight did not reach its deadly climax until 3 a. m.

Negroes Attack Dog Catchers. St. Louis, July 11.—An infuriated mob of 100 negroes attacked a crew of city dog catchers on Lucas avenue with clubs and knives. Andrew Betzold, a dog catcher, was stabbed and slashed in the back. Policemen, using clubs vigorously, finally rescued the dog catchers and arrested two negroes.

PALACE DESTROYED BY FIRE.

Church Also Burns and Falling Roof Injures Several Persons.

Seville, Spain, July 11.—The civil governor's palace, with its entire archives, has been destroyed by fire. The families of the governor and his staff escaped with difficulty. The adjoining barracks of the civil governor's guards also were burned and a number of cases of cartridges exploded. The roof of St. Paul's church took fire and fell in, several persons being injured.

Walcott Defeats Dougherty. Boston, July 11.—Joe Walcott of Boston retained the welterweight championship of the world by knocking out Jack Dougherty of Milwaukee in the eighth round at the Lincoln Athletic club in Chelsea.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
